Missiles and Rockets

Editorial Index

January-June, 1964

A-11. JOHNSON REVEALS A-11 MISSILE, 3/9/64, p. 8.
AADS-70. AADS COMPETITION NARROWED, 4/13/64, p. 10.
ACCIDENTS. Committee Probes Delta Fire, 4/20/64, p. 10.
NASA Continues Accident Probe, 5/4/64, p..10.
Second Rocket Victim Dead, 4/27/64, p. 13.
ADVANCED BALLISTIC RE-ENTRY SYSTEM, PROJECT GLOW TO AID ABRES PROGRAM, 3/2/64, p. 27.
ADVANCED RESEARCH PROJECTS AGENCY. ARPA Ending Two Programs, 3/30/64, p. 35.
Industry Favors ARPA Study, 3/30/64, p. 21.
AERIEL II. Aeriel II (UK2) Launched, 4/6/64, p. 10.
AEROBEE. Aerobee Rocket Launched, 6/15/64, p. 10.
AEROJET-GENERAL CORPORATION. Aerojet Developing 'Universal' Liquid Engine, 4/13/64, p. 16.
Aerojet Now in Shipbuilding, 6/15/64, p. 10.
Two New Labs To Sharpen Aerojet's Solid, Liquid Capabilities, by Willard E. Wilks, 3/23/64, p. 18.
Aerojet Discloses Recon Rocket, 6/29/64, p. 9.
AERONAUTICS AND ASTRONAUTICS COORDINATING BOARD. NASA Joins in Space Station Report, 3/30/64, p. 72.
AEROSPACE CORPORATION. Williams Joins Aerospace, 3/23/64, p. 9.
AEROSPACE INDUSTRY. See Missile/Space Industry.
AEROSPACE MEDICAL ASSOCIATION. Scientists Debate Effects of Magnetic Shielding on Heart, Blood Cells at 35th ASMA Meeting, by Heather M. David, 5/18/64, p. 16.
AGENA. Bell Delivering Agena System, 3/2/64, p. 10.
AIR FORCE. AF Ends TRUMP Series, 3/2/64, p. 11.
AF Gets New Research Devices, 5/18/64, p. 10.
AF, NASA in Tentative Agreement on Launch Vehicle Family, by Hal Taylor, 5/11/64, p. 14.
AF Widens Manned Flight Role, by Warren Burkett, 6/15/64, p. 12.
AFES Gets New Commander, 5/25/64, p. 12.
AFSC Preparing Tech War Plan, 3/16/64, p. 15.
AF Investigates Blast, 2/24/64, p. 11.
AF Investigating Cardiovascular Effects of Zero-G, by Heather David, 3/2/64, p. 21.
Air Force Launches Secret Satellite, 1/6/64, p. 10; 1/27/64, p. 10; 2/24/64, p. 11; 3/2/64, p. 12; 3/9/64, p. 8; 3/16/64, p. 8; 4/27/64, p. 11; 5/4/64, p. 8; 5/25/64, p. 12; 6/15/64, p. 10.
Air Force Manual To Bring Tighter Systems Management, 3/9/64, p. 15.
Air Force Presses To Meet 1965 Date For Operation at NORAD Hard Site, by Michael Getler, 2/24/64, p. 40.
Air Force Proposes Improved Defense Against Sub-launched Missiles, by James Trainor, 2/10/64, p. 17.
Air Force Seeks Winged Supply Vehicle To Link With MOL, by Heather M. David, 2/10/64, p. 35.
The Bear Trap; Editorial by William J. Coughlin, 5/18/64, p. 46.
Cook Wins AF Contract, 3/16/64, p. 8.
Demler Warns of Tight Controls on R&D, 3/23/64, p. 14.
Davis Heads Range Division, 1/13/64, p. 10.
MOL Chief Named, 2/10/64, p. 12.
McConnell New AF Deputy, 5/11/64, p. 9.
Probe Leads to Sharper AF Procurement, 3/23/64, p. 12.
Range Division Set Up, 5/11/64, p. 8.
State of the Union; Editorial by William J. Coughlin, 1/13/64, p. 52.
Third MM Wing Operational, 4/13/64, p. 11.
Vinson Given AF Award, 5/18/64, p. 11.
Air Force Launches Secret Satellite, 6/29/64, p. 12.
Air Force, NASA at Odds Over MOL Tracking Requirements, by James Trainor, 6/29/64, p. 16.
AF Testing New Satellite Inspector, 6/22/64, p. 17.
ALOUETTE. IONOSPHERE EXPLORER TO COMPLEMENT DENSITY DATA SUPPLIED BY ALOUETTE, by Lawrence J. Curran, 2/10/64, p. 31.
AMERICAN ASSOCIATION FOR THE ADVANCEMENT OF SCIENCE. Plan Advanced for Landing Probe on Mars in 1969 As Urgent U. S. Goal at AAAS Annual Meeting, by Heather M. David, 1/6/64, p. 14.
AMERICAN ASTRONAUTICAL SOCIETY. Moon Base Cost Set At $2 Billion AAS Meeting Told, by William Beller, 5/11/64, p. 17.
AMERICAN INSTITUTE OF AERONAUTICS AND ASTRONAUTICS. AIAA Expects 5,000 Registrants, 75 Exhibitors at First Meeting, 6/29/64, p. 21.
Meteoroid Protection Developments Aired at AIAA Meeting, by Willard E. Wilks, 5/25/64, p. 29.
AMERICAN MACHINE & FOUNDRY COMPANY. AMF to Build S-II Carriers, 1/6/64, p. 11.
ANTENNAS. Antenna Shaft Heads for Green Bank, W. Va., 3/23/64, p. 8.
Film Makes Low-Profile High-Efficiency Antennas, 3/2/64, p. 36.
Haystack Antenna May Go On In July, by Michael Getler, 3/23/64, p. 26.
Langley Okays Multiple-Array Concept, 6/1/64, p. 18.
Promising Array Developed, Successfully Tested, Then Dropped, by Charles D. LaFond, 3/9/64, p. 33.
ANTIMISSILE SYSTEMS. Air Force Proposes Improved Defense Against Sub-launched Missiles, by James Trainor, 2/10/64, p. 17.
Data-Processing System Aids Zeus Development, by Michael Getler, 1/20/64, p. 32.
Electronics Priority Given to A-ICBM, ASW, Command & Control; DDR&E/Research & Technology, 3/30/64, p. 113.
ANTI-SATELLITE SYSTEMS. Non-Nuclear Anti-Satellite System in Making, by James Trainor, 5/11/64, p. 12.
ANTISUBMARINE WARFARE. Electronics Priority Given to A-ICBM, ASW, Command & Control; DDR&E/Research & Technology, 3/30/64, p. 113.
APOLLO. Acceptance Testing Under Way On Honeywell Apollo Flight Display Unit, by Charles D. LaFond, 2/24/64, p. 26.
Anderson Cites Apollo Threat, 1/20/64, p. 10.
Apollo Add-on Is $500 Million, by Warren Burkett, 6/29/64, p. 14.
Apollo Experiment Deadline Nears, 6/22/64, p. 16.
Apollo In Trouble Despite Increase, 1/27/64, p. 17.
Apollo Propulsion Under Study, 2/17/64, p. 16.
Avien Loses Apollo Contract, 6/22/64, p. 13.
Collins Gets Apollo Contract, 6/22/64, p. 12.
Developing Environment for Apollo Crew, 5/18/64, p. 15.
First Apollo Unit at Cape, 3/2/64, p. 14.
GOP Group Hits Apollo Goal, 6/8/64, p. 10.
Manned Spacecraft Center Combines Food Programs for Apollo, Gemini, 6/8/64, p. 36.
Moon Map To Aid Apollo Astronauts, 6/29/64, p. 18.
NAA Gets Production-Type Apollo Engine, 5/4/64, p. 18.
Progress Reflected in Project Apollo, 3/2/64, p. 11.
Von Braun Discusses Apollo, 2/24/64, p. 10.
ARMY. AADS Competition Narrowed, 4/13/64, p. 10.
AMC Gets New R&D Center, 3/9/64, p. 9.
Army Assumes Management of ARPAT Radar, 1/13/64, p. 17.

Army Defends Lacrosse, 3/2/64, p. 10.
Army Missile Procurement FY '65, 2/10/64, p. 17.
Bleymaier New MOL Chief, 3/23/64, p. 9.
Redstone Gets New Lab, 3/23/64, p. 8.
ASSET. ASSET Misfires, 3/30/64, p. 16.
ASSET Will Become More Sophisticated in X-20 Substitute Role, by David C. Breasted, 1/20/64, p. 17.
Improved ASSET Detailed, 6/15/64, p. 10.
ASTRONAUTS. Scientists To Be Astronauts, 5/11/64, p. 9.
USSR Offers Aid to Astronauts, 3/16/64, p. 8.
ATHENA. Athena Missile Destroyed, 6/8/64, p. 10.
Athena Test Program Halted, 2/17/64, p. 10.
Junction Box Foiled Athena, 2/24/64, p. 11.
ATLANTIC RESEARCH CORPORATION. ARC Studying Contaminant Removal, 4/13/64, p. 35.
ATLAS. Floxed Atlas Awaits Seamans' Okay, 6/8/64, p. 12.
ATLAS F. Another Atlas Explodes, 3/16/64, p. 8.
Atlas F ICBM Launched, 2/17/64, p. 13; 3/2/64, p. 12.
Atlas Probe Under Way, 5/25/64, p. 11.
ATLAS. Floxed Atlas Phase I Approved, by Hal Taylor, 6/22/64, p. 14.
ATLAS-AGENA. Atlas-Agena Fired, 3/2/64, p. 12.
ATOMIC ENERGY COMMISSION. AEC City Delayed, 2/3/64, p. 13.
AEC Confident of Tory II-C Design, by Willard E. Wilks, 4/20/64, p. 26.
AEC Discounts Health Hazard, 6/1/64, p. 12.
Failure to Flight-Test Tory Could Kill Pluto, 4/27/64, p. 18.
FY '65 Budget; Ground R&D Stressed, Flight Trimmed, 1/27/64, p. 21.
Joint Committee Raps DOD, AEC, by William Beller, 3/2/64, p. 24.
Pluto Funds Cut, 6/22/64, p. 10.
Pluto Nuclear Ramjet Project To Be Dropped, 5/4/64, p. 16.
Two Weapons Plants To Close, 4/13/64, p. 10.
ATTITUDE CONTROL. RCA Unveils 'Stabilite' at AIAA, 6/29/64, p. 34.
AUTOMATIC PICTURE TRANSMISSION. Tiros 8's APT System Already Aids Cape Kennedy Weather Prediction, by Chris Butler, 1/6/64, p. 16.
AUXILIARY POWER SYSTEMS. Gemini Fuel Cell Readied for GT-2 Flight, Now Scheduled for September, by Michael Getler, 6/8/64, p. 29.
AVCO CORPORATION. Avco Building Space Labs, 5/4/64, p. 10.
AVIATION/SPACE WRITERS ASSOCIATION. Schriever Sees Materials Revolution at AWA Conference, by James Trainor, 6/1/64, p. 17.

-B-

BALL BROTHERS RESEARCH CORPORATION. Ball Brothers Get OSO Award, 3/9/64, p. 9.
BALLISTIC MISSILES. Committee Accepts ICBM Reliability, by Heather M. David, 4/27/64, p. 17..
ICBM Dependability Debated, 1/20/64, p. 12.
BATTERIES. Rapid-Charge Space Battery Developed, by Michael Getler, 1/6/64, p. 28.
BEACON EXPLORER. Beacon Explorer Launched, 3/30/64, p. 16.
NASA Satellites To Make Detailed Ionosphere Study, 3/16/64, p. 13.
BELL TELEPHONE LABORATORIES, INC. Crystal Formation from Vapor Probed, 3/16/64, p. 23.
BENDIX CORPORATION. Advanced Saturn Guidance Platform Flies on Successful Saturn 1 SA-5, by Michael Getler, 2/10/64, p. 26.
Bendix Simulating Lunar Magma in Laboratory Tests, by John F. Judge, 3/23/64, p. 36.
BERYLLIUM. Beryllium Minuteman 'Spacer', 2/24/64, p. 11.
Beryllium Picked for Structural Job, by John F. Judge, 4/6/64, p. 34.
BIOASTRONAUTICS. See Space Medicine.
BIONICS. Firm Studying Method to 'Grow' Computers, 3/16/64, p. 22.
BIOSATELLITE. 14 Experiments on First Biosatellite, 2/24/64, p. 17.
BLACK KNIGHT. 'Dazzle' Flights Slated To Check Instrumentation; Barnes, Stanford Research Systems To Track British-Buildt Re-Entry Vehicles at Woomera, by Michael Getler, 5/11/64, p. 33.
BLUE SCOUT. Blue Scout Fired, 3/23/64, p. 9.
BLUE STEEL. Blue Steel Gets New Lease, 2/10/64, p. 10.
BLUE STREAK. Blue Streak Launched, 6/15/64, p. 10.
BOEING COMPANY. Boeing Building Test Stand, 3/2/64, p. 11.
Boeing Gets $60-million Lunar Orbiter Award, 1/6/64, p. 13.
Boeing VP Resigns, 2/10/64, p. 12.
NASA, Boeing Resuming Life-Support Tests, by Heather M. David, 1/27/64, p. 28.
NASA Explains Choice of Boeing Over Hughes In Lunar Orbiter Award, 3/9/64, p. 13.
BOMARC. Bomarcs Being Retired, 1/27/64, p. 13.
BOOK REVIEWS. 4/20/64, p. 43; 5/4/64, p. 39.
The Rise and Fall; Editorial by William J. Coughlin, 5/25/64, p. 70.
BORON. Air Force Admits Big Potential For Boron Filament Structures, by William Beller, 6/15/64, p. 22.
BRUNSWICK CORPORATION. Polaris Cases Wound in Nebraska, by John F. Judge, 5/4/64, p. 30.
BUDGET. See Congress, United States, and individual government agencies.
BULLPUP B. Bullpup B Engines Shipped, 3/16/64, p. 8.
BUNKER-RAMO. Martin, TRW Form New Firm, 1/27/64, p. 13.

-C-

CANADA. 16-in. Harp Booster Nears Flight, by Michael Getler, 1/27/64, p. 22.
U. S., Canada To Launch 4 Satellites During 1965-70, 1/20/64, p. 16.
CENTAUR. Centaur by Night, 4/27/64, p. 16.
Centaur Delayed, 6/29/64, p. 12.
CLOUD GAP PROJECT. Arms Inspection Tests Set, by James Trainor, 6/15/64, p. 14.
COLLINS RADIO COMPANY. Collins Gets Apollo Contract, 6/22/64, p. 12.
COMMITTEE ON SPACE RESEARCH. Next Soviet Manned Shot Believed One Year Away; Part II of COSPAR Report, by Frank G. McGuire, 6/22/64, p. 33.
Soviet COSPAR Papers Cite Disorders Experienced by Several Cosmonauts, by Frank G. McGuire, 5/25/64, p. 44.
COMMUNICATIONS SATELLITE CORPORATION. ComSat Asks for Proposals, 1/6/64, p. 10.
ComSat, DOD Seek Accord, 3/30/64, p. 18.
ComSat Files with FCC, 3/9/64, p. 9.
ComSat Situation Report, 2/17/64, p. 13.
ComSat Stock Sale Begun, 6/8/64, p. 10.
ComSat Stock Sale Set, 5/11/64, p. 8.
ComSat Stock Set for Sale, 6/1/64, p. 12.
DOD-ComSat Decision Due, 6/15/64, p. 10.

DOD-ComSat Decision Sought, by James Trainor, 3/23/64, p. 10.
FCC Gives ComSat Go-Ahead, 4/20/64, p. 10.
Soviets Won't Join ComSat, 6/22/64, p. 10.
Dr. Fubini or: How I Learned to Stop Worrying and Love ComSat Corp.; Editorial by William J. Coughlin, 6/1/64, p. 70.
Europeans Shying at Possibility of U.S.-Dominated ComSat Corporation, by Frank G. McGuire, 5/4/64, p. 28.
Planners Eye ComSats for the 1970's, by Michael Getler, 6/15/64, p. 16.
World ComSat Talks Resuming, 2/24/64, p. 9.
COMMUNICATION SYSTEMS. Study on Lunar Communications Due, by Michael Getler, 5/18/64, p. 18.
COMPUTERS. Computer Access Simplified, 4/26/64, p. 11.
IBM Unveils New Computer, 4/13/64, p. 10.
System Simplifies Computer Use, by Rex Pay, 6/15/64, p. 35.
CONGRESS. Committee Accepts ICBM Reliability, by Heather M. David, 4/27/64, p. 17.
Congress Prods NASA's Propulsion Development, 3/23/64, p. 12.
Crucial Booster Hearings Start Soon, by Heather M. David, 6/8/64, p. 13.
DOD Authorization Bill May Be History's Biggest, 1/20/64, p. 15.
FY '65 Missile/Space Money Bills Subject to Minimal Trimming So Far, by Heather M. David, 5/25/64, p. 17.
House Begins Ranger Probe, 4/27/64, p. 11.
House Group to Seek Further Justification of Electronics Center, 2/17/64, p. 17.
House Space Committee Slates Ranger Probe, by Heather M. David, 4/13/64, p. 15.
House Votes Defense Funds, 6/1/64, p. 12.
Joint Committee Raps DOD, AEC, by William Beller, 3/2/64, p. 24.
MMRBM Faces New Budget Slash, by Heather M. David, 2/17/64, p. 14.
NASA Budget Little Damaged So Far, by Heather M. David, 3/16/64, p. 12.
NASA Launches Fight to Restore House Fund Cuts, by Heather M. David, 3/23/64, p. 11.
NASA Voted $5.194 Billion, 3/30/64, p. 14.
Prospects for NASA FY '65 Fund Restoration Brighten in Senate, 4/13/64, p. 16.
A Reasonable Man; Editorial by William J. Coughlin, 3/2/64, p. 46.
Senate Report Urges New Missile Buying Approach, by Heather M. David, 4/6/64, p. 15.
COOK ELECTRIC COMPANY. Cook Wins AF Contract, 3/16/64, p. 8.
COSMOS 24. Cosmos 24 Launched, 1/6/64, p. 10.
COSMOS 26. Cosmos 26 Launched, 3/23/64, p. 9.
COSMOS 27. Cosmos 27 Launched, 4/6/64, p. 10.
COSMOS 28. Cosmos 28 Launched, 4/13/64, p. 11.
COSMOS 32. Cosmos 32 Launched, 6/15/64, p. 10.
COSMOS 33. Cosmos 33 Launched, 6/29/64, p. 12.
CRYSTAL GROWTH. Crystal Formation from Vapor Probed, 3/16/64, p. 23.
CUBA. DOD Denies Missile Pullout, 5/11/64, p. 8.

-D-

DEFENSE SCIENCE BOARD. Brown Wants More Ingenuity in DOD Research, 3/30/64, p. 31.
DEFINITION PROJECT. Project Definition Technique To Be Applied To Many More Programs, by James Trainor, 3/9/64, p. 14.
DELTA. Douglas To Uprate Delta, 6/15/64, p. 10.
DEPARTMENT OF DEFENSE. DOD Acts to Conserve Skills, 2/3/64, p. 13.
DOD Acts to Standardize Data Flow, 3/23/64, p. 14.
DOD Authorization Bill May Be History's Biggest, 1/20/64, p. 15.
DOD Awards Top $6.6M, 1/20/64, p. 10.
DOD Briefing Dates Given, 3/2/64, p. 10.
DOD-ComSat Decision Due, 6/15/64, p. 10.
DOD-ComSat Decision Sought, by James Trainor, 3/23/64, p. 10.
DOD Has New Warhead Plan, by James Trainor, 4/27/64, p. 15.
DOD Insists It Is Developing New Weapons Systems, 4/27/64, p. 17.
DOD Official Hits Marketing 'Myths' by Michael Getler, 6/1/64, p. 21.
DOD Opposes Conversion Bill, 6/29/64, p. 12.
DOD Preparing Crucial Bid for MMRBM Funds, 4/27/64, p. 21.
DOD Procedures Assailed, 6/1/64, p. 12.
DOD Seeks More Cost Cuts, 2/17/64, p. 13.
DOD Space Spending - FY '65, 6/8/64, p. 14.
FY '65 DOD Budget $50 Billion, by David Breasted, 1/13/64, p. 14.
Gilpatric On Defense Future, 3/30/64, p. 21.
Hitch Defends DOD Method, 5/11/64, p. 9.
Hogwash in Harper's; Editorial by William J. Coughlin, 3/16/64, p. 46.
House Votes Defense Funds, 6/1/64, p. 12.
Joint Committee Raps DOD, AEC, by William Beller, 3/2/64, p. 24.
Lockheed Again Top DOD Contractor, 1/6/64, p. 26.
McNamara Discusses Defense, 5/11/64, p. 8.
Military Space Budget Discussed, 2/10/64, p. 10.
NASA, DOD Going to Fair, 3/16/64, p. 8.
The Philosophy of Chance; Editorial by William J. Coughlin, 4/20/64, p. 46.
Project Definition Technique To Be Applied To Many More Programs, by James Trainor, 3/9/64, p. 14.
The Revolution; Editorial by William J. Coughlin, 3/30/64, p. 148; 4/6/64, p. 54; 4/13/64, p. 46.
DIRECTORATE OF DEFENSE RESEARCH AND ENGINEERING. Administration & Management Stresses Better Information Distribution, 3/30/64, p. 93.
ARPA Ending Two Programs, 3/30/64, p. 35.
Changes in RDT&E Budget Structure Could Trigger Far-Reaching Results, 3/30/64, p. 101.
Command & Control Reorientation To Handle Flexible Response Policy, 3/30/64, p. 79.
DDR&E Criticism Refuted, 4/6/64, p. 10.
DDR&E Opens International Defense Markets, 3/30/64, p. 119.
Defensive Systems Office Advances Studies of Exotic Weapons Concepts, 3/30/64, p. 59.
Electronics Priority Given to A-ICBM, ASW, Command & Control, 3/30/64, p. 113.
Industry Comment Shows Poor Rapport, 3/30/64, p. 43.
Materials Studies Stress Non-Metals, 3/30/64, p. 121.
Military Not Content With Role in WSEG, 3/30/64, p. 39.
Military Space Planners Insist MOL Program Not A Race, 3/30/64, p. 71.
New Hardware Programs Should Aid Intelligence, Reconnaissance Functions, 3/30/64, p. 87.
New Tactical Missile Contracts Expected To Yield Billions for Industry, 3/30/64, p. 54.
Office of the Director of Defense Research and Engineering; Organization Chart, 3/30/64, p. 32.

Office Overhauls R&D Rules; Tactical Weapons Now Biggest Market, 3/30/64, p. 28.
Propulsion Know-How Considered Equal to Needs of Future Weapons, 3/30/64, p. 131.
Research Chiefs 'Sophisticating' Their $1-Billion-a-Year Business, 3/30/64, p. 105.
Services' Relationship with Directorate Is Improving Steadily, 3/30/64, p. 47.
Strategic Office Stresses Product Refinement Moves, 3/30/64, p. 65.
DISARMAMENT. Arms Control Inspection Tests Set, by James Trainor, 6/15/64, p. 14.
The Day He Dies; Editorial by William J. Coughlin, 5/4/64, p. 50.
Welsh Says Disarmament Would Boost Space Funding, 5/25/64, p. 16.
Withdrawal From Reality; Editorial by William J. Coughlin, 6/15/64, p. 46.
DOUGLAS AIRCRAFT COMPANY. Douglas Proposes An Intercontinental Ballistic Transport for 1,200 Troops, by Willard E. Wilks, 2/17/64, p. 35.
Douglas Proposes H-F Stage, 3/2/64, p. 12.
Douglas To Uprate Delta, 6/15/64, p. 10.
Spacecraft Re-usability Emphasized at Douglas, 5/11/64, p. 35.
Spacecraft Protection Needs Get Increased Douglas R&D Attention, by Willard E. Wilks, 6/29/64, p. 24.
DOW CORNING CORPORATION. Dow Corning Tailoring Silicone Work To Meet Individual Needs of Buyers, by John F. Judge, 5/18/64, p. 27.

-E-

EARLY BIRD. Hughes Gets ComSat Award, 3/23/64, p. 8.
ECHO. Echo Status Not Clear, 2/3/64, p. 10.
USSR To Join In Echo Tests, 1/27/64, p. 10.
ECHO II. Echo II Lofted into Orbit, 2/3/64, p. 10.
Echo II Status Report, 3/9/64, p. 8.
EDITORIALS. An Adequate Budget, 1/27/64, p. 46.
Alma Maters or Madams? 3/23/64, p. 46.
